

# Senior Information

The information in this packet is to be used in the Senior Section in  
The 2017 Eagle.

**The yearbook staff/advisors reserve the right to delete anything inappropriate, obscene, or offensive in order to preserve the Quality of the book. We are under the authority of the School district and our publishing company.**

Please don't use initials in memories, likes, dislikes, etc. to try to be discrete (use at least first name or skip it completely). Please keep everything short and to the point-**SPACE IS LIMITED**- *If your entry is too long, parts of your likes and/or dislikes may be deleted, so please list things in order of importance to you.*

**Please return all forms to Mr. Wagner**

## Senior Pictures for the yearbook

If you had or are having a senior picture taken by another photographer other than with Schlegels Photography, remember the importance of the yearbook portrait format to avoid excessive cropping.

**It should be a portrait (head and shoulder) pose, to maintain head size. Avoid extreme close-ups or full body poses**→ refer to examples below:

Also, please avoid soft-touch photos for reproduction purposes, and extreme close-ups. (They may turn out blurry and head-size is important)
