

## Expectations for After School Tutoring

- Students should go to their locker to get all necessary materials (backpacks, coats, books, and other supplies)...there should be no need to make any trips to your locker
- Students should arrive in the library by 2:30 P.M.
- Immediately "sign in" on the sign in sheet (if your parent or guardian is picking you up before the normal late bus departure time of 5:45 please let us know)
- At that time, the teachers may ask students to move to a different room
- Students should work quietly on their work...asking the teachers for help when necessary (**PLEASE REMEMBER** that everyone is here to get help so there are times when you may need to wait... just move on to something that you can do on your own and we will get to you as soon as we can)
- Only one student will be permitted to leave the room at a time... make sure to ask permission to use the restroom or go to the water fountain before leaving
- Students are expected to have work to do until tutoring is over (approximately 5:40)
