	<p style="text-align: center;"><b>815. Technology</b></p> <p>The Line Mountain School District envisions the use of technology should permeate all aspects of instruction and the organization to enhance and enrich the learning experience. The district believes that:</p> <ol style="list-style-type: none"> <li>1. Each student should effectively and ethically use technology.</li> <li>2. Technology will be integrated into all aspects of classroom instruction.</li> <li>3. Technology will be utilized into all areas of school administration.</li> <li>4. Technology is an essential ingredient to support the ongoing restructuring of the educational process.</li> </ol> <p><b>2. Definition</b>      <b>Technology</b> encompasses the total school program from kindergarten to grade twelve and beyond, and includes "all manner of video, distance communication, curriculum management systems, and administrative networks."</p> <p><b>3. Authority</b>      The authority for the development of a long-term technology master plan and an ongoing plan for its reevaluation and update comes from the Great Valley School District Strategic Plan.</p> <p><b>4. Delegation of Responsibility</b>      The Superintendent is responsible for the enforcement of this policy, development of technology master plan, its implementation and evaluation.</p>
